Firemen's Mass Meeting.

A mass meeting of the active and exempt members of the several fire companies in this town will be held in the Bloomfield Building and Loan Association rooms on Friday evening, May 20. The object of the meeting will be to frame a proposition to submit to the Town Council by which the firemen will receive some financial benefit equivalent to that formerly enjoyed by the exemption from taxation before the exemption law was declared unconstitutional by the courts. It is understood that the firemen want a cash compensation equal to the amount that \$500 exemption would represent multiplied by the prevailing tax rate of any year. It is presumed that the benefit sought would apply equally to active and exempt members and to non-tax paying members. The effect of such a proposition, if adopted by the Council, would practically be the creation of a paid fire department, and while the compensation would be small as effecting individual firemen, it would be extensive in its scope, and place a large number of people on the town pay-roll. The proposition above stated may be a misstatement one, and the firemen may be able to evolve some kind of a proposition of both an equitable and economical character. The meeting of the firemen will be looked forward to with much interest, as there is no doubt but what it will result in giving the Town Council a problem to deal with that will require the display of astute diplomacy.

For the Benefit of the Library.

At a meeting of the members of the Watessing Free Public Library Association Wednesday night arrangements were made for holding a "Tea" in the library rooms on Wednesday, May 18, from 3 to 5 o'clock in the afternoon, and from 8 to 10 o'clock in the evening. A silver collection will be taken.

The Watessing Free Public Library has been established for some years past. It aims to place at the disposal of the community for reading purposes good books and periodicals.

It is supplied already with about 3,500 bound volumes and numbers of unbound periodicals. That there is a demand for its existence is shown by the fact that during the past year the circulation of these books equal 5,721 volumes loaned. It has comfortable and pleasing reading-rooms, to which the public are welcome every evening and on Friday afternoons.

To carry on this work properly and keep the institution up to date, more books are needed and proper heating, lighting and care of the library building must be provided. This requires money. This success of the library depends on the generosity of the citizens of the community it seeks to benefit. Its aims and needs are commended to your charitable consideration.

The Excise Question.

TO THE EDITOR OF THE CITIZEN:
SIR: An erroneous impression has gone abroad in regard to the excise question discussed at the meeting of citizens held at the residence of Mr. H. G. Diebrow on the 26th ult., and as chairman of that meeting I desire to say that the sentiment of the meeting was against any increase of saloons, as the following resolution, which was passed unanimously, will show:
"That it is the sense of this meeting that the number of saloons in this town be not increased."
W. S. S. R.
